Unfortunately, we are at 210 participants and cannot physically fit any more in the room. I can commit to doing a community meeting in June, and I believe that either the evening of Monday, June 25 or Tuesday, June 26 in the daytime can work. Let's discuss schedules and start to work the logistics. We'll need to loop in Ken Wagner and others in the AO to make sure they are comfortable with the approach we choose.

Thanks and I hope you have a great weekend!

Peter, per our conversations the region one community groups are very excited about pulling off a workshop for June so let's start thinking about that. Also any chance there's room for Andrea Amico?
